

THE VILLAGES VIBES GAME

Who Gives Off What Vibe?

A playful game of family guesses, good laughs,
and fun vibes.

Getting Started

- This game is designed for ages 7 and up.
- It can be played with 2 or more players.
- Each player will need something to write with and something to write on. A dry erase board, dry erase marker, and wipe-off cloth work especially well for this game.
- Optional: Choose a secretary to keep track of answers, repeated picks, or who gets the most matches.

How to Play

Choose one person to be the reader. The reader will read each question aloud to the group. You can keep the same reader for the whole game or pass the question sheet around so each person gets a turn reading.

After the question is read, every player, including the reader, writes down their answer. Give everyone a little time to think before sharing. To keep the game moving and add a little excitement, you can set a timer for 15 seconds for each round.

Once everyone has written their answer, go around and share. See who picked the same person or gave similar answers. Talk about which answer was the funniest, the most unexpected, or the most accurate. You can also notice who got the most votes for that question.

After everyone shares, pass the question list to the next reader and continue playing.

You do not have to answer every question in one sitting. You can play just a few rounds, choose your favorite questions, or save some for another time. Play in whatever way feels most fun for your group.

Ways to Make It More Fun

You can give playful awards like:

- Most Likely to Be Picked
- Funniest Answer
- Wildest Vibe
- Most Unexpected Pick
- Everybody Said the Same Thing

You can also keep score if you want. For example, players can earn points for matching answers with others, getting the most votes, or coming up with the funniest response.

Goal of the Game

The goal is to laugh, learn more about one another, and enjoy the different ways family members see each other's personalities, energy, and vibe.
